

## *Audrey & Jack Morgan Foundation Scholarship*

Audrey and Jack Morgan have been lifelong supporters of the tremendous needs present in the healthcare community. In an effort to make a difference in human suffering, they established a scholarship to enable individuals employed at DeKalb Medical to pursue additional educational opportunities, which will make it possible for them to enhance their skills and contributions to our community. As a family that knows through their own experiences that hard work and dedication can change lives and give a person a sense of accomplishment and personal satisfaction, they are committed to providing financial resources for individuals who have a dream of possibilities that can take them to a more productive and satisfying way to serve.

The Morgan philosophy teaches that it is possible for everyone to embrace a life of great purpose if he or she is willing to work hard and provide the energy and determination needed to convert long held dreams into realities. These scholarships will be awarded in the spring of each year to individuals who have a passion to make a greater contribution in the lives of people who are in need of compassionate care. The amount of each scholarship will vary depending on the type of education one is seeking. Each study program selected must be offered at an accredited institution or it should provide a type of accreditation recognized in the hiring practices at DeKalb Medical. Candidates interested in applying for a scholarship can do so by filling out the *Morgan Application Scholarship* and addressing the following topics in essay form:

- 1. Discuss your reasons for wanting to obtain an additional degree or certification.**
- 2. Discuss the person who has had the most positive impact on your life or discuss a person whose accomplishments in life have inspired you.**
- 3. Discuss your vision of what you would like to see yourself doing five years from now.**
- 4. Discuss the qualities you have that will give you the motivation needed to succeed in your pursuit of additional education while holding down a job.**

This program will provide scholarships payable to the school chosen by the recipient. The funds do not have to be re-paid, but recipients will be expected to stay with DeKalb Medical for a minimum of one year after the completion of the program. Individuals interested can apply for this scholarship by submitting a completed application and sending it to:
